

TOWN OF THREE HILLS

**REQUEST FOR PROPOSAL
FOR**

Centennial Place Arena – Roof Repairs

Questions and Answers – MAY 26, 2025

The following questions have been received, and the responses are below in **Red**

1. Are there any specifications regarding the required thickness of the elastomeric coating?
 - a. Please provide options and reasoning as per your expertise.
2. Is there a specific product that must be used for this application?
 - a. Please provide options and reasoning as per your expertise
3. Does the current heat tape stay in the gutters?
 - a. Yes, please leave that as is. The Town will be laying down new heat tape on the lower level (Section C). The heat tape will cover the entire section.
