# Collection Guide

# Introducing Automated Garbage & Recycling Collection to the Town of Three Hills

This Collection Guide will provide all the information you need to get started with using your Garbage and Recycling Carts.

In late November 2021, the Town implemented Automated Waste Collection. Each house in town was delivered (1) 360L Blue Recycling Cart, as well as (1) 240L Black Garbage Cart.

Once a household has received their Garabge and Recycling Carts, they should begin using each cart for appropriate garbage and recycling collection. Collection Schedules and appropriate materials for each Cart can be found further in this information package.

Any questions this information package does not answer, and for up to date information, please refer to [www.threehills.ca](http://www.threehills.ca) and click on *Updates to Garbage Collection in Town* under the *Local Notices* Section on the Homepage, or call the Town Office at (403) 443-5822.
